Club Upcoming Events

Club Meeting – Mar, 5th at 7:00 P.M.

Meeting at Jerry's Hangar

Rookie Races

Is anyone interested? Contact Duane

Meeting Notes

**Our next Meeting is Monday
March 5th, 7:00 PM, at Jerry's
Hangar**

February's Meeting was at Jerry's Hangar.

We discussed the E/W grass runway that is perpendicular to the North end of our Petramat runway. Everyone agreed that this gives us an alternate runway if the cross-winds increase while we are flying or if the winds are too strong to use the N/S runway. We agreed that this allows us more days to fly and is safe as long as we keep North of the concrete blocks at the North end of our parking lot.

We also discussed: replacing the safety netting; alternative safety barriers; and using after run oils in our engines.

Is anyone interested in setting aside one Sunday a month as a social group flying/picnic day? Duane had posted an email on this in January

4/5/2013

and we would like to firm this up for our new flying season.

Please be on the watch for vandals and trespassers destroying our property or the landfill's equipment.

Club Dues for 2012 are now due!
Members: \$60/year, over 63 Senior: \$40/year.

The gate combination has been changed. Only members with paid up dues received the new gate combination. Don't miss out on some spring weather flying because your dues haven't been paid.

We remind all fliers to **use catch bottles** to contain the overflow when refueling your powered aircraft. This prevents damage to our worktables, runway, and grass. It also prevents the landfill from getting in trouble for fuel spills on the floodplain. **Do not fuel your aircraft on the worktables.**

ROOKIE RACING

Duane Riedel has changed our club's Pylon Racer Specifications to allow 40 to 46 ball bearing engines and open sport propellers. We welcome new fliers but ask that no hopped up race planes participate. The AMA maximum speed limit is 100 mph.

Come out with a 40's size airplane and test your skills flying in traffic.

Duane Riedel coordinates the Rookie Races.

Please pick up after yourself at the airfield, remove trash, and put the chairs away when finished.

Please make sure the gate is closed behind you if you had to open it to enter or leave.

Larry Nelson – STRCC Secretary

Address: _____

Phone: _____

e-mail: _____

e-mail or paper copy newsletter: _____

Flying Experience Level:

Beginner: _____ Novice: _____

Advanced: _____

Special Interests: _____

The Seven Towers RC Club (STRCC) is a relatively small club with roughly 35 members. Most of the folks are very laid back and are in the hobby strictly for pleasure. STRCC holds monthly meetings, usually the first Monday, to share info & swap stories.

We are chartered with the Academy Of Model Aeronautics (AMA) and are governed under their guidelines as well as some of our own club rules. The AMA provides many services but the main benefit is insurance. They provide liability coverage for each member at a very affordable rate. The cost is about \$58 per year. (That price includes a great monthly magazine)

Our club rules mandate that each person must be a current (or have at least applied for) AMA membership before becoming a STRCC member. This greatly reduces the clubs insurance rates and allows us to lower our membership costs.

The annual membership for STRCC is **\$60** per year.

Seniors 63 or greater are **\$40** per year.

To join STRCC during the year, new membership dues are prorated at \$60/year (\$6/month remaining).

About The Club:

4/5/2013

Arlington, Texas 76003
