Club Upcoming Events

Club Meeting – June 4th at 6:30 P.M.

Meeting at Our Airfield

Rookie Races

Is anyone interested? Contact Duane

Meeting Notes

**Our next Meeting is Monday
June 4th, 6:30 PM, at Our Airfield**

May's Meeting was at our airfield.

Pat, John, Scott, and others are doing a great job keeping our airfield mowed and neat.

There were some discussions about repairing the low spots on our runway. Watch your email for an announcement for a club workday to level our runway.

There was a suggestion that we install a charging station that our pilots could use for charging our transmitter, receiver, and aircraft batteries. Scott put forth this idea as a similar unit is in good use at Hawk Airfield.

Please be on the watch for vandals and trespassers destroying our property or the landfill's equipment.

We remind all fliers to **use catch bottles** to contain the overflow when refueling your powered aircraft. This prevents damage to our worktables, runway, and grass. It also prevents the landfill from getting in trouble for fuel spills on the floodplain. **Do not fuel your aircraft on the worktables.**

ROOKIE RACING

Duane Riedel has changed our club's Pylon Racer Specifications to allow 40 to 46 ball bearing engines and open sport propellers. We welcome new fliers but ask that no hopped up race planes participate. The AMA maximum speed limit is 100 mph.

Please pick up after yourself at the airfield, remove trash, and put the chairs away when finished.

Please make sure the gate is closed behind you if you had to open it to enter or leave.

Larry Nelson – STRCC Secretary

About The Club:

The Seven Towers RC Club (STRCC) is a relatively small club with roughly 35 members. Most of the folks are very laid back and are in the hobby strictly for pleasure. STRCC holds monthly meetings, usually the first Monday, to share info & swap stories.

We are chartered with the Academy Of Model Aeronautics (AMA) and are governed under their

guidelines as well as some of our own club rules. The AMA provides many services but the main benefit is insurance. They provide liability coverage for each member at a very affordable rate. The cost is about \$58 per year. (That price includes a great monthly magazine)

Our club rules mandate that each person must be a current (or have at least applied for) AMA membership before becoming a STRCC member. This greatly reduces the clubs insurance rates and allows us to lower our membership costs.

The annual membership for STRCC is **\$60** per year.

Seniors 63 or greater are **\$40** per year.

To join STRCC during the year, new membership dues are prorated at \$60/year (\$6/month remaining).

Return Completed Applications to Any Club Officer or Mail to:
