Club Upcoming Events

Club Meeting – Oct 1st at 6:30 P.M.

Meeting at Our Airfield

Rookie Races

Is anyone interested? Contact Duane

Meeting Notes

Our next Meeting is Monday Oct 1st, 6:30 PM, at Our Airfield

September's Meeting was at our airfield. Five members attended. The grass was growing quickly with the little rain we had. Be careful to prevent fire as it is still very dry.

Our next meeting will be at the airfield, if it rains or the road is too muddy, we will meet in the parking lot across from our entrance gate.

We are planning on a short notice fun/food fly-in. Watch your email for an upcoming date. We are also talking about having another new years day fun fly. Bring something to fly and food to share to welcome in the new year.

If you notice something or someone suspicious please call or text the Landfill Manager, Louie Patino at 214-206-5350

Let him know you are a member of the model airplane club. Thanks

Please be on the watch for vandals and trespassers destroying our property or the landfill's equipment.

We remind all fliers to **use catch bottles** to contain the overflow when refueling your powered aircraft. This prevents damage to our worktables, runway, and grass. It also prevents the landfill from getting in trouble for fuel spills on the floodplain. **Do not fuel your aircraft on the worktables.**

ROOKIE RACING

Duane Riedel has changed our club's Pylon Racer Specifications to allow 40 to 46 ball bearing engines and open sport propellers. We welcome new fliers but ask that no hopped up race planes participate. The AMA maximum speed limit is 100 mph.

Please pick up after yourself at the airfield, remove trash, and put the chairs away when finished.

Please make sure the gate is closed behind you if you had to open it to enter or leave.

Larry Nelson – STRCC Secretary

About The Club:

The Seven Towers RC Club (STRCC) is a relatively small club with roughly 35 members. Most of the folks are very laid back and are in the hobby strictly for pleasure. STRCC holds monthly meetings, usually the first Monday, to share info & swap stories.

We are chartered with the Academy Of Model Aeronautics (AMA) and are governed under their

guidelines as well as some of our own club rules. The AMA provides many services but the main benefit is insurance. They provide liability coverage for each member at a very affordable rate. The cost is about \$58 per year. (That price includes a great monthly magazine)

Our club rules mandate that each person must be a current (or have at least applied for) AMA membership before becoming a STRCC member. This greatly reduces the clubs insurance rates and allows us to lower our membership costs.

The annual membership for STRCC is **\$60** per year.

Seniors 63 or greater are **\$40** per year.

To join STRCC during the year, new membership dues are prorated at \$60/year (\$6/month remaining).

Return Completed Applications to Any Club Officer or Mail to:
