## Club Upcoming Events

**Club Meeting – Nov, 8th at 7:00 P.M.**

**Meeting at Jerry's Hangar**

**Rookie Races**

Is anyone interested? Contact Duane

# Meeting Notes

**Our next Meeting is Monday Nov. 8th, 7:00 PM, at Jerry's Hangar see map on page 3**

October's Meeting was at our airfield

We mowed and cleaned up our airfield. We discussed the upcoming food/day fun/fly to be held in the near future. We had 6 members present.

.....  
We are considering having our December meeting at a restaurant, i.e. Ryans perhaps.  
**What are your preferences?**

.....  
We had a successful food/day fun/fly on Oct. 13<sup>th</sup>. We had 8 people attend even though the winds were strong out of the South. First, we mowed, relocated our windsock, and installed the new safety fence. Three members flew their models. Pat Ensign flew two airplanes, John

4/5/2013

Bender flew his U-control airplane, and Mike Gray flew two helicopters. We had chicken, hot dogs, beans, chips, crackers, veggies and dip, soda, and water. We tried to do some slope soaring from the top of the landfill, but the slope had been changed, creating too much turbulence to fly.

If you notice something or someone suspicious please call or text the Landfill Manager, Louie Patino at 214-206-5350

Let him know you are a member of the model airplane club. Thanks

**Please be on the watch for vandals and trespassers destroying our property or the landfill's equipment.**

We remind all fliers to **use catch bottles** to contain the overflow when refueling your powered aircraft. This prevents damage to our worktables, runway, and grass. It also prevents

the landfill from getting in trouble for fuel spills on the floodplain. **Do not fuel your aircraft on the worktables.**

**Club Dues for 2013 are now being accepted!**  
**Members: \$60/year, over 63 Senior: \$40/year**

## **ROOKIE RACING**

Duane Riedel has changed our club's Pylon Racer Specifications to allow 40 to 46 ball bearing engines and open sport propellers. We welcome new fliers but ask that no hopped up race planes participate. The AMA maximum speed limit is 100 mph.

Come out with a 40's size airplane and test your skills flying in traffic.

Duane Riedel coordinates the Rookie Races.

Please pick up after yourself at the airfield, remove trash, and put the chairs away when finished.

**Please make sure the gate is closed behind you if you had to open it to enter or leave.**

*Larry Nelson – STRCC Secretary*

pleasure. STRCC holds monthly meetings, usually the first Monday, to share info & swap stories.

We are chartered with the Academy Of Model Aeronautics (AMA) and are governed under their guidelines as well as some of our own club rules. The AMA provides many services but the main benefit is insurance. They provide liability coverage for each member at a very affordable rate. The cost is about \$58 per year. (That price includes a great monthly magazine)

Our club rules mandate that each person must be a current (or have at least applied for) AMA membership before becoming a STRCC member. This greatly reduces the clubs insurance rates and allows us to lower our membership costs.

The annual membership for STRCC is **\$60** per year.

Seniors 63 or greater are **\$40** per year.

To join STRCC during the year, new membership dues are prorated at \$60/year (\$6/month remaining).

### **About The Club:**

The Seven Towers RC Club (STRCC) is a relatively small club with roughly 35 members. Most of the folks are very laid back and are in the hobby strictly for
