Club Upcoming Events

Club Meeting – Dec, 3rd at 6:30 P.M.
Meeting at Spring Creek Restaurant
US287 and Debbie Lane in Mansfield

Meeting Notes

**Our Dec. Meeting is Monday
Dec. 3rd, 6:30 PM, at Spring
Creek Restaurant at US287 and
Debbie Lane in Mansfield**

Novembers's Meeting was at Jerry's Hangar,
Thanks Jerry.

We discussed the upcoming December dinner meeting and elections. We had 8 members present.

FROM our VP Pat Ensign:

For those of you who don't get to the meetings or the field much, I am Pat Ensign, the current VP if the club.

We have set up the December meeting as a dinner. It will be in the meeting room at the Spring Creek BBQ at 287&Debbie Lane in Mansfield Dec. 3 (Monday). Room reserved from 6:30, so we can all be eating by 7. The intent is to bring family, enjoy dinner and some

fellowship, followed by a short meeting including annual elections. There will be a gift exchange for those that want to participate. Bring a gift about 20 bucks to be put in a pool, drawing to exchange/trade. It does not have to be related to airplanes. Once again, wives girlfriends, kids, etc WELCOME.

Also, plan to fly January 1 at noon. Those of us who went out last Jan. I had a great time. Show up, bring a covered dish or drinks to share (I am bringing a huge pot of clam chowder), and fly no matter what the weather. The only thing that will stop us is if it is too muddy to get in to the field. In that case, we will meet at my house, eat, brag, exaggerate and tell lies.

If you notice something or someone suspicious please call or text the Landfill Manager, Louie Patino at 214-206-5350

Let him know you are a member of the model airplane club. Thanks

We remind all fliers to **use catch bottles** to contain the overflow when refueling your powered aircraft. This prevents damage to our worktables, runway, and grass. It also prevents the landfill from getting in trouble for fuel spills on the floodplain. **Do not fuel your aircraft on the worktables.**

Club Dues for 2013 are now being accepted!
Members: \$60/year, over 63 Senior: \$40/year

ROOKIE RACING

Duane Riedel has changed our club's Pylon Racer Specifications to allow 40 to 46 ball bearing engines and open sport propellers. We welcome new fliers but ask that no hopped up

race planes participate. The AMA maximum speed limit is 100 mph. Come out with a 40's size airplane and test your skills flying in traffic.

Duane Riedel coordinates the Rookie Races.

Please pick up after yourself at the airfield, remove trash, and put the chairs away when finished.

Please make sure the gate is closed behind you if you had to open it to enter or leave.

Larry Nelson – STRCC Secretary

small club with roughly 35 members. Most of the folks are very laid back and are in the hobby strictly for pleasure. STRCC holds monthly meetings, usually the first Monday, to share info & swap stories.

We are chartered with the Academy Of Model Aeronautics (AMA) and are governed under their guidelines as well as some of our own club rules. The AMA provides many services but the main benefit is insurance. They provide liability coverage for each member at a very affordable rate. The cost is about \$58 per year. (That price includes a great monthly magazine)

Our club rules mandate that each person must be a current (or have at least applied for) AMA membership before becoming a STRCC member. This greatly reduces the clubs insurance rates and allows us to lower our membership costs.

The annual membership for STRCC is **\$60** per year.

Seniors 63 or greater are **\$40** per year.

To join STRCC during the year, new membership dues are prorated at \$60/year (\$6/month remaining).
